नोट बुक में कार्य करो |

Social Science

Case Study Analysis

1. Your city is facing water scarcity. Design a **sustainable water management plan** for your locality using rainwater harvesting, recycling, and conservation methods.

2. Interdisciplinary Activity

Explain how **History, Geography, Civics, and Economics** are interconnected by taking one real-life example (e.g., a city, disaster, or event).

3. Skill-Based Question

Why is it important to use **maps, data, and sources** in Social Science? Give examples.

  **Keep Growing!** 

Stay curious, stay disciplined, and keep learning.

Have a happy and safe vacation!  

Remarks

Teacher's Remark: _____
